

## Dual-Mode Guardrails ⇄

SafeVision able to switch between rapid image classification and comprehension modes.

 Classifier  
Result: **Safe**

 SafeVision  
Classification Mode  
Result: **Sexual**

 SafeVision  
Comprehension Mode  
Result: **Sexual**  
Reason: The image shows a package of a blue sex toy labeled "G-Spot" with a price tag of 118¥.

## Policy Following 🕒

Dynamic guardrails with user-defined prompts, no retraining needed.

## Structure Output ⚙️

SafeVision outputs results directly in JSON format with lightning-fast inference.
